EDUCATION

Lake Washington High School   **Kirkland, WA**
- **Cumulative GPA: 4.0/4.45**   *June 2025*
- **Relevant Coursework: AP Computer Science A, AP Calculus AB, AP Language and Composition, AP Environmental Science**
- **Awards/Honors: AP Scholar with Distinction Award, National Honor Society Service Award**

EXPERIENCE

ClubZ! In-Home and Online Tutoring   **Kirkland, WA**
Tutor   *Sep 2022 - Present*
- **Accomplished significant improvement in students' academic skills,** as measured by their increased test scores and problem-solving abilities, by employing diverse teaching methods tailored to individual learning styles.
- **Attained a comprehensive understanding of coding concepts among students,** as measured by their ability to independently create functional HTML and CSS projects, by crafting customized lesson plans.

iCode Bellevue   **Bellevue, WA**
Coding Instructor   *Sep 2023 - Sep 2024*
- **Executed the iCode curriculum for coding education**, ensuring effective delivery of lessons to elementary school students in web development, Roblox Editor, Robotics, and Graphic Design.
- **Assessed impact through regular evaluations,** resulting in notable improvement in overall student comprehension.

Letters to My Heritage   **Kirkland, WA**
Website Developer and Outreach Officer   *Aug 2023 - July 2025*
- **Utilized the Wix platform** to create a visually appealing and user-friendly website, incorporating elements that effectively communicate the mission of Letters to My Heritage.
- **Organized and implemented community events** that assist immigrant youth students in building connections and accessing resources for college and career opportunities.

Ignite Robotics   **Kirkland, WA**
Website Developer and Volunteer   *Jan 2023 - Jan 2024*
- **Designed and developed various web pages for the Ignite Robotics website,** creating a website that is functional, user-friendly, and responsive.
- **Assisted in preparing game arenas** for robotic competitions, showcasing attention to detail in creating functional and engaging competition spaces.

Pinecone Academy   **Bellevue, WA**
Assistant Teacher and Student   *Jun 2022 - Apr 2023*
- **Elevated students' HTML and CSS skills** in a one-month class for ages 8-18, measured by their independent creation of web projects and effective error debugging.
- **Mastered full-stack development over a two-year program,** learning 10+ programming languages and frameworks, and creating and deploying numerous websites and apps.
